ABOUT ME

I am from Iran and I am currently studying in Würzburg .

for the past 4 years. I have been educating myself through lectures and notes from top universities, constantly enhancing my knowledge by reading books and working on projects in data analysis

My goal is to become a data expert, contributing to data-driven decision-making and innovation. I am a strong communicator and enjoy problem-solving, always eager to apply my skills in a professional setting.

SKILLS

- **Python:** Pandas, NumPy, Matplotlib, scikit-learn
- **SQL:** SQL Server, MySQL
- **R:** Statistical Analysis, dplyr, ggplot2
- **Power BI**
- **Tableau**
- **Excel**
- **AWS:** Practitioner Level
- **Web Technologies:** HTML, CSS, Django

PROJECTS AND EXPERTIES

- **Preprocessing and Data cleaning**
- **Business & Data Analysis**
- **Recommendation System**
- **Market Basket Analysis**
